EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christopher T. Kent on 7/22/04.

The application has been amended as follows:

- On page 8, line 19, replace "34" with --36--;
- On page 8, line 21, replace "34" with --36--;
- On page 8, line 21, replace "Fig. 4" with --Fig. 3--.

The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

- Add the sign "40" (see specification page 8, last line) to Figure 2;
- Replace sign "26" in Figure 3 with "22".

. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Although, the examiner does not fully agree with the specifics of applicant's arguments, on pages 8-14, that there is no proper suggestion or motivation to combine the references, and that the references fail to disclose all subject matter claimed, the

Art Unit: 3724

does believe that the prior art references fail to anticipate and/or make obvious the method of claims 32 and 34 for the following reasons.

The secondary references to McDonald and Hugunin are directed to wringer rolls that trap or hold a rubber sheet within a slotted roll. The rubber sheets are used to form an outer surface of rolls for squeezing clothes therebetween the rolls as shown in Figure 3. The rubber sheets are not intended to be held in the roll in a temporary manner such that they are moved for subsequent processing during operation as in the instant application. Therefore, the secondary references are not germane to the instant application. One of ordinary skill in the art would not look to these secondary references to teach temporary holding a web such that subsequent feeding of the web is facilitated.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Boyer D. Ashley whose telephone number is 703-308-1845. The examiner can normally be reached on Monday-Thursday 7:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Allan N. Shoap can be reached on 703-308-1082. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
